## THE DIAMOND LIGHT GRID – LEVEL 1

### WORKSHOP INFORMATION SHEET

**Duration : 2 days**

---

#### “SPIRITUAL ALCHEMY”

**Our world is evolving and changing.**

**Increased energy of higher and finer frequency is pulsing through and from our sun, affecting our planet and all who live on it.**

YOU are evolving and changing in direct correspondence with this. It is a spiritual evolution and you are being called to awaken!

You have a new energy field that is emerging and taking shape that will support you in this process, helping to maintain balance and integrate the new energy gracefully

It is the Diamond, or Sacred Octahedron—a diamond field of light, a personal grid structure that anchors, aligns calibrates and integrates more of your essence to hold it within the physical body.

Once aligned to it's original structure, your grid allows a greater degree of resonance with your purpose and original state of perfection. It also enables your physical body to hold a greater frequency of light energy as it is developed. The outcome and benefits of this are numerous, and include greater clarity, more energy, ability to manifest what you desire, improvements in health, skill in recognising disharmonious emotional patterns and the power to bring about meaningful changes in your life.

Most importantly, your Diamond Light Grid enables you to maintain a state of balance in the face of the earth changes that are now happening, and to integrate the new cosmic energies. It is also naturally protective and grounding.

**This exciting two day workshop will introduce you to your diamond light grid, and includes:**

- Introduction to the Earth Changes and the meaning of Ascension
- An introduction to the science of Biogeometry and recent research
- A brief overview of sacred geometry and the relationship with energy
  - Your aura and the diamond energy grid
  - The significance of the Octahedron or Diamond
- The structure, function and anchor points of your 'Diamond Light' grid
  - The links between The Diamond Light Grid and DNA
    - Causes of grid misalignment
    - An attunement to the Diamond energy
  - Exercises to align and strengthen your own grid
  - An introduction to recalibrating the Grid for others
- Requirements for becoming a practitioner

**COURSE COST : R1550 (includes full workbook)**

**Refreshments will be provided – please bring along a plate to share for lunch**

**DEPOSIT : R400**

**Dates : 2/3 October, Divine-Space, Gauteng**

**Times : 9.30 – 5.00**

## THE DIAMOND LIGHT GRID – LEVEL 2

### WORKSHOP INFORMATION SHEET

**Duration : 2 days**

---

#### **“Working with the Light Codes”**

The Level 2 workshop is designed to develop and build on the processes from Level 1, and introduces you to the Diamond Light Codes.

In the years building up to 2012 our greatest challenge is to stand fully in our power and enable our DNA to hold the full charge of our essence. It effectively becomes a superconductor of energy. In order to do this, we need to clear through all resistance patterns that are currently locked into our DNA and activate the portions that are currently not working. The Diamond Light Codes specifically focus on repairing and working at the level of the DNA. During this workshop, we also work on linking the Diamond Light Grid with the additional light field grids of the planet.

Through this deeper work with the grid and the Light Codes, the Sacred Heart is also activated, bringing your Divine Self into greater presence in every day life. The more we can hold and anchor this deeper energy of bliss in our life, the stronger and clearer our energy fields and emotional bodies become. Through our heart, we entrain the mind. Through the Sacred Heart, we entrain the Higher Mind bringing us into Sacred Relationship with our Divine Self.

This is a workshop of personal transformation, engaging deeper alchemical processes. As the Diamond Light Codes operate through the Diamond Light Grid as the energy *vehicle*, it is necessary to have completed the Level 1 workshop first, and to have experienced at least one grid alignment session (either in person or distant).

In the two days, we will cover :

**Special Grid Breathing techniques to further build energy in the grid and the core**

**How the DLG functions in conjunction with other sacred geometries**

**The meaning in experience and Sacred Heart activation**

**Understanding the deeper aspects of how DNA works**

**How our original perfection patterns have become scrambled**

**The function of the Light Codes and links with the Pineal Gland**

**The Meaning of the Light Codes**

**Ways of working with the Light Codes**

**COURSE COST : R1700** (includes a mini working set of 26 diamond light codes)

**Refreshments will be provided – please bring a plate to share for lunch**

**DEPOSIT : R400**

**Dates : 30/31 October 2010 in Gauteng**

**Times : 9.30 – 5.00**

## **THE ENERGIES OF TRANSFORMATION**

### **WORKSHOP INFORMATION SHEET**

**Duration : 1 day**

---

#### **“Having the courage to *keep on awakening*”**

No two spiritual awakening experiences are the same, and every journey is as unique as the individual concerned. However, one thing is consistent – every awakening involves an influx of energy that can literally turn our lives upside down in a multitude of ways. Awakening is also not a one-off incident, but a process that continues and deepens throughout life.

The energetic environment on our planet is triggering many spiritual awakenings in people that have no guiding principles or understanding of what is happening to them. This new energy impacts us at all levels of our being, and it is going to become more and more important for therapists and individuals alike to understand the implications of and possible responses to this energy, as well as what is happening at physical, emotional, mental and spiritual levels.

This 'energy' of transformation is the energy of the original creator seeking to express itself via your soul and through your physical body. This is no mean feat as your entire being has to readjust and align to accommodate this energy. Sometimes it also requires that we have to confront many shadow aspects within ourselves as the limitations imposed by our personality-ego are dismantled.

This can be very uncomfortable and at times scary if there is no guide to support you. There are many so called Light Workers and spiritual seekers who have spent years on the 'path', and yet still go through some difficult and challenging experiences. This is a natural and very necessary part of the process.

It can help to have a basic understanding of this to support you through the many and varied manifestations of transformation.

This special one day seminar will introduce you to the science of these transformative, evolutionary energies, giving you an overview as well as some practical tools to assist you and others through the transformation happening on our planet right now.

**COURSE COST : R750**

**DEPOSIT : R200**

**Refreshments will be provided – please bring a plate to share for lunch**

## TESTIMONIALS

### **Testimonials from Workshop Attendees**

"Having recently attended two of your magical courses, The Diamond Light Grid and The Antannea, I have felt compelled to write to you to express my heartfelt thanks.

It was not just the amazing information, brilliantly delivered in such a supportive atmosphere which was so remarkable but that there was left " Enough space between the lines" for us to be fastracked at incredible speed along our individual spiritual journeys. With remarkable and beautiful synchronicity as we each pieced together our diamond light grid other powerful connections were made on many different levels and planes. It was wonderful to experience the process unfolding and exciting to witness the transformation taking place in each other. It was also very humbling.

The excitement has stayed with me and I feel rejuvenated, re-connected, powerful and very confident and positive about the future. I feel honoured to have met you and deeply privileged to have attended these courses.

Please never underestimate the empowering and transformational nature of your work" *Sue, Wales, UK*

"I thoroughly enjoyed the two days and learning from your experience. Yesterday morning I did a meditation from one of your CD's and I also put a diamond in the room before my meeting at work along with a few squirts of magenta spray - I felt great and the meeting went well! I am looking forward to finding out more and am sure our paths will cross again" *Jennifer, Newcastle, UK*

"Julie - you rock! The weekend was awesome, I learned so much. I'm keeping the diamond with me!! Take care, thanks again, and I hope that I can move to the next level with you soon" *Claire, Newcastle, UK*

"It felt such a privilege to spend time with you over the weekend, quite an amazing experience and one which I'm still processing...!!! I hope to see you again in the not too distant future!" *Sue, Newcastle, UK*

"Having experienced much personal and professional development over many years I now know I've experienced the gold standard. Or to be more accurate the Diamond Standard. Julie has that rare combination of scientific rigour, an understanding of group dynamics and, rarest of all, complete ease when working with the soul. I feel privileged to have worked with Julie. She brings balance, knowledge, humour, humanity and the ability to make this fascinating area of energetic alignment completely accessible. If you only do one workshop in 2010 - make sure it's this one" *Brenda, Newcastle, UK*

"The Diamond Light Workshop is a giant step in terms of metaphysical advancement for journey of our being on Earth. We are truly privileged to have Julie bring forth this profoundly complex modality, packaged in a simple manner which weaves together neatly so many aspects on so many varying levels.. As we meditated in a group circle, there was an etheric bonding of ancient and new energies being anchored within our core, throughout our being and throughout the heart of Planet Earth too. The Great Crystal from Atlantis was beginning to shudder and rise within the circle as our consciousness was connected once more to this Grand New Awakening. During this extraordinary moment an exciting New Crystal was overlaid and anchored over the previous one; bringing in a far Grander Awakening for the heavenly humans we now are, and assuring that the coming experiences are going to be astonishing for sure. We can only acknowledge what we're experiencing already; the process of a Planetary change which has not yet been achieved and one which we are truly Blessed to be a part of" *Daniel, UK*

"The Diamond Light Work really opens you up to a new level of consciousness – I physically felt the alignment and the anchoring in several areas of my body which was a fascinating experience. After the

alignment I could see different colours around the room and everything seemed brighter" *Deborah, Cumbria, UK*

"Julie, Thank you so much for such a wonderful course this weekend, I think it was very much enjoyed by every one of us who attended. I know I have begun to implement the learning immediately! Lots and lots of love and of course many diamond blessings (I feel qualified to say that now)!" *Sasha, Cumbria, UK*

\*\*\*\*\*

"Dear Julie, It was so good to be on your course, I thought it was excellent, marvellous stimulating and riveting! I have just done a diamond meditation just to reinforce [half way through very loud miaows and my cat familiar, Grace, is sitting with her eyes riveted on the diamond grid! She was demanding an explanation!] I also dedicated the house in a Diamond and the energy .beyond words...and worlds... The connection with you and us all was there too!" *Ann, Doncaster, UK*

\*\*\*\*\*

"For anyone wishing to experience a closer relationship to the 'Oneness' of all that Is, the Diamond Workshop has given me a greater and deeper connection. Through simple practical exercises I experienced the 'Oneness' which once again has made me realise as humans we complicate our lives, when simply all it takes is to discover the 'Diamond' within. Through this we discover greater clarity of colour, sounds, energy vibrations which interconnects us with the Divine Source and vice versa. Every aspect of the workshop was explained in simple terms and made easy for all to understand. The facilitator, had me hanging onto every word, her energy purely one of a 'Sparkling Diamond'.

From experiencing the workshop, I can now feel and experience my 'Diamond' energy field, which is assisting me to feel more balanced. One and a half weeks later.....To-day feeling the true effect of the 'Diamond Energy Field' that has taken time to fully integrate. My bodies feel totally aligned, I have greater clarity in my dream state and through my 3rd Eye I AM seeing what feels like beyond my normal vision. I Am truly in a state of Bliss and Bhakti!

Thank you Julie for the amazing and enlightening experience"  
*Sandy, DLG Levels 1 and 2, South Africa*

"I thought the training day was amazing you uplifted, inspired and empowered everyone in the room. It is always a joy when someone shares from the heart, ego free and willing to give their work to the world with no fear...

I did the activation meditation last night, towards the end I had what could only be described as an 'electric pulse' at my root chakra. I have experienced this several times during meditation work with my earth & soul star but never to that intensity...so watch this space!!! " *Jill, In the Heart of the Diamond Workshop*

\*\*\*\*\*

"Thank you Julie for a wonderful day of Diamond Love & Light. It was wonderful to Be in your Light and your Inspiration. Thank you also for bringing the Light Family together!" *Pamela, In the Heart of the Diamond Workshop*

\*\*\*\*\*

"Just want to say what a delight and revelation it was on Sunday - so much I want to share with you, so will clear a space soon to list some of the many synchronicities and wow factors" *Jacqueline, In the Heart of the Diamond Workshop*

\*\*\*\*\*

"What a wonderful day! I've not enjoyed myself in a group workshop for years and the angels were really with us. Thanks a million for a great day" *Gillian, In the Heart of the Diamond workshop*

\*\*\*\*\*

*I have had a number of distance treatments with Julie and they have been amazing!! I have since completed her more in depth Level 1 workshop and the energy is buzzing. My intuition had become more acute and I am trusting more what the energy is telling me with some fantastic results for my clients and myself. I am a Reiki master and am used to energy work, but this energy is really something else much more powerful.*

*Since the first distance healing I feel I am walking in my own power now and that my DLG is fluid and positive. Julie removed a block which was holding me back and I am certainly moving forward rapidly. In the second treatment I heard the words You are about to be reborn and it was really interesting rather than scary. After the session Julie phoned and we went through our experiences and Julie told me she knew something big had happened as she had been told it was an initiation.*

*Don't underestimate this energy it is truly powerful and Julie is an amazing person to work with on this. I'd recommend people to take the Level 1 workshop and experience this wonderful energy for themselves.*

**Dear Julie,**

**Thank you for delivering your highly commendable, Diamond Light Grid Activation Practitioner Training . I am impressed that you have brought a new depth of understanding to the internal structure of our diamond light bodies, whilst revealing the significance to DNA and the use of light codes, geometric codes and symbols, normally referred to as The language of light.**

**I believe that this new energetic procedure is a major breakthrough and will serve to accelerate the spiritual progression of those who choose to evolve their consciousness. The Diamond Light Grid Activation Practitioner Training truly integrates many strands of (esoteric) knowledge, yet provides a practical procedure that encourages us to keep tuning the diamonds.**

**Bravo!**

Julie Umpleby is a modern day ascension master and is someone who has the ability to hold the energy of ascension-the Christ Consciousness-a space of zero judgement that is not lesser than or greater than. You will not read great reams of self promotion, in fact she does little by way of self promotion. She does not ask you to promote her either-she like many of us is going through the process of self mastery-every day is a school day but when she comes into a healing or teaching space she has the ability to embody the Christ Consciousness.

This is a space which honours and activates each individual persons Divine Blueprint because although we are all in the process of ascension our paths and awakening processes are different. Her teaching and healing follow a common thread which is one of honouring our own truth. You are never put in a position of forced adherence to the words or teachings of a human guru. She recognises we each have a unique part to play in the process.

I am admittedly a very sensitive and challenging subject to work with and never have bodywork done especially by remote methods. However I was taught Huana Crystal signatures by Julie a number of years ago and found the process a special and treasured experience. If you are drawn to take one of Julies workshops, I can tell you now you will not just learn about a process , rather every cell in your body will be awakened to bring about a recognition of the magnificence of who you truly are. Not what you see in the mirror with the years of judgements,criticisms,injustice and disconnection that we have all suffered but your divine blueprint and your true perfection.

I've recently had a diamond Light distant Treatment and I know I go on a bit but wow this is DIVINE. I am not going to do this an injustice by describing in graphic detail my personal experience as that is my individual path-, but I can say that for each person it is an opportunity to feel your own individual blueprint activated by the light of ascension. It is Divine alchemy in action-dare to ask-remove the blocks-have faith and you WILL receive.I believe this is one of the most advanced alignment systems available and my growth after just one session has been phenomenal. Expect the unexpected -dare to dream-with the DIAMOND LIGHT GRID-remove your blocks and watch the abundance,joy and blessings mount up.

(Diamond light body is backed up by a growing number of other people around the world using various methods to awaken this geometric pattern in our lightbody)

After I became aware of the Diamond Light Grid and began working with it, I started experiencing increasing periods in my life where I was simply happy for no particular reason. It was as if something inside of me had switched on. I have also recommended Julie's fabulous Distant Alignment sessions to a number of people who have all benefitted from them.
